

EVOLEM

The impulse behind initiatives

Evolem is the investment organisation set up in 1997 by Bruno Rousset, entrepreneur and founder of APRIL.

Today, the whole team upholds this entrepreneurial culture, to which they have added new convictions. We offer hybrid support, combining a long-term entrepreneurial vision with a financial approach serving the performance of the company's workforce.

Discover our areas of investment and involvement.

evolem

The impulse behind initiatives

OUR AMBITION

By 2030, to help 100 new sustainable initiatives which promote entrepreneurship, employment, education and the environment to thrive.

OUR CONVICTIONS

/ 1

Sustainable entrepreneurial initiatives are what push boundaries and present opportunities to transform the world.

/ 2

Involvement as a shareholder or philanthropist is an important way of securing and guiding these initiatives towards responsible decision-making.

/ 3

Governance, environmental and social responsibility represent a virtuous approach to ensure the projects supported are effective and long-lasting.
